OF
EXECUTIVE CLEMENCY

FISCAL YEAR 2004
ANNUAL REPORT

ARIZONA
BOARD OF EXECUTIVE CLEMENCY

THE HONORABLE JANET NAPOLITANO

GOVERNOR OF THE STATE OF ARIZONA

And

MEMBERS OF THE LEGISLATURE

The Board is pleased to present this FY 2004 Annual report for the period of July 1, 2003 to June 30, 2004. During the past budget cycle, the Board has successfully adjusted to the impact of Truth-in-Sentencing which eliminated parole for offenses committed on or after January 1st of 1994. In FY 01 and FY 02 the Board gave up ten (10) positions (and \$459,200) and restructured the organization. It is critical to note that our workload increased in FY 04 and is projected to increase in FY 2005 due to the increase in commutation and revocation hearings. Although the parole workload decreased 37%, and the revocation workload decreased 16%, the commutation/pardon workload has increased 40%. Parole hearings represent approximately 24% of the total hearings held. Clemency and revocation hearings represent the remaining 76%. It is also important to note that by FY 05, the parole eligible pool remaining should be approximately 3300 inmates. Conservative projections indicate that total hearings held will increase from 4459 in FY 03 to 4781 in FY 2004 and to 4958 in FY 05.

The Board recognizes that in the next fiscal year, the State of Arizona will be faced with challenging decisions regarding our correctional system as it relates to responsible fiscal management.

The Board will remain vigilant toward the statutory obligations of protecting Arizona citizens.

Thank you for your interest and your continued cooperation.

Respectfully submitted,

A handwritten signature in cursive script that reads "Duane Belcher Sr.".

Duane Belcher, Sr.
Chairman

MISSION STATEMENT

The mission of the Arizona Board of Executive Clemency is to ensure public safety by considering and granting parole to inmates certified by the Department of Corrections and who appear not to pose a threat to society, and by recommending to the Governor only those executive clemency actions which are in the best interest and safety of the citizens of Arizona.

AGENCY DESCRIPTION

Each month the Board conducts parole hearings for inmates who have committed offenses prior to January 1994. Parole hearings include consideration for home arrest, work furlough, release, rescission, modification, revocation and absolute discharge. The Board also conducts clemency hearings, which include commutation, pardon and reprieve.

HISTORY OF THE ARIZONA BOARD OF EXECUTIVE CLEMENCY

Change and adaptation best characterize the history of the Arizona Board of Executive Clemency. The State of Arizona first afforded inmates the opportunity for parole in 1901. The Board of Control functioned as the state's discretionary releasing mechanism and consisted of the Governor, Territorial Auditor, and one citizen appointed by the Governor. The Board of Control retained its releasing authority until the first Criminal Code became effective in October of 1913.

In 1913, the Legislature established the Board of Pardons and Paroles, which assumed the discretionary releasing function of its predecessor, the Board of Control. Board membership consisted of a citizen appointed by the Governor to serve as Board chairperson, the Superintendent of Public Instruction, and the Attorney General. Board composition remained unchanged for the next five decades.

The Legislature expanded Board membership to five part-time members in 1966. The Governor appointed all members to five-year terms. In 1968, the Legislature amended this expansion and created a Board comprised of three full-time members. The Governor appointed all members to three-year terms and the appointments became subject to Senate confirmation. A full decade passed before the Board experienced a change in its composition.

In 1978, the Legislature increased Board size to five full-time members. The appointments were to five-year terms and remained subject to Senate confirmation. This legislative action coincided with the passage of the new Criminal Code.

The Legislature again expanded Board membership to seven full-time members in 1984.

In 1993, Legislation passed which eliminated all Board releases for inmates whose offense was committed after January 1, 1994. In addition, the Board's name changed from **Board of Pardons and Paroles** to the **Board of Executive Clemency**.

In 1997, Legislation passed which decreased the membership of the Board from seven to five members. This change became effective in January 1998.

Arizona Revised Statutes § 31-401 and subsequent sections detail the operating authority and duties of the Arizona Board of Executive Clemency.

ORGANIZATION OF THE ARIZONA BOARD OF EXECUTIVE CLEMENCY

Due to budget cuts, the Board has been reduced from a full-time staff of 17 to a full-time staff of 8. This staff supports the five Board Members. The staff is comprised of:

Chairman/Executive Director – Legislation approved in 2004 combined the positions of Chairman and the Executive Director through the year 2007.

Administrative Service Officer I – *Budget, Staff plan, personnel*
This position is responsible for managing the Board's business functions, and serves as computer network administrator, and maintains statistical information.

Hearing Officers – The Hearing Officer III manages and supervises 1 Hearing Officer and 5 administrative support staff. The Hearing Officers conduct probable cause hearings for rescission and revocation actions, provide information to the Board for all clemency actions and prepare reports for inmates certified eligible for other release consideration for the Board's use when considering inmates certified eligible for parole and commutation.

Administrative Support Positions – The 5 Administrative Support staff provide critical support to the Board by monitoring hearings, processing packets for the Board's use in making release decisions, providing statutorily mandated notifications to victims, officials and other concerned individuals and entities, managing and maintaining individual files and the file room and completing dispositions and proclamations for decisions made by the Board.

PAROLE GUIDELINES AND STRUCTURED DECISION MAKING

Structured Decision Making (SDM) involves the guidelines that provide the Board with a common framework in which to make decisions. SDM guidelines consist of explicitly stated goals; policy statements; and measurement instruments designed to systematically assess an inmate's suitability for release. Risk Assessment and Offense Severity function as two of the core components of SDM. **Due to budget cuts this instrument is no longer being used. The instrument requires specialized training and research, which was previously done by the 3 Case Analysts.** (Description is included for informational purposes).

I. Risk Assessment

The risk assessment component assesses the likelihood that an inmate may commit a new felony offense while on a Board release. While no Board member or instrument can predict an inmate's future behavior with total confidence, the best measure of the future still remains the past. As such, the Board conducted a study on 1988 releases to identify those factors predictive of success or failure on release. Four factors emerged as significant predictors of success or failure. These factors include:

- (1) Age at First Juvenile Incarceration
- (2) Current Age at Time of Hearing
- (3) History of Property Offenses
- (4) ADOC Institutional Risk Score

The combination of these factors results in a score that indicates an inmate's likelihood to commit a new offense once released. The higher the risk score, the greater the likelihood to re-offend. Board analysts score inmates for risk and place them into one of four risk assessment groups.

II. Offense Severity

The offense severity component involves an initial determination of an inmate's most serious offense behavior, and the subsequent placement of this offense behavior into one of eight severity levels. Severity level 1 contains the most serious offense behaviors and severity level 8 contains the least serious offense behaviors. Level of victimization and amount of property or drugs involved in the offense function as primary criteria for the ranking of offense behaviors.

The most serious offense behavior reflects what the offender actually did. Board analysts determine the most serious offense behavior based on official documents that depict the actual offense behavior. Official documents include pre-sentence investigation reports; police reports; court documents; and any additional probation/parole officer reports. The Board, however, makes the ultimate determination of the most serious offense behavior.

Board analysts then enter the risk assessment group and the offense severity level on the Guidelines Classification Matrix. Each cell on the matrix contains a percentage that Board analysts apply to the conviction sentence length. They use this percentage to calculate the amount of additional time, if applicable, an inmate may need to serve beyond his or her release eligibility date to be within the SDM recommended time frame for release.

The Board uses SDM guidelines for all hearings except for revocation and rescission hearings; Executive Clemency recommendations; those inmates whose offense behavior or conviction offense is of a sexual nature; and those inmates whose conviction offenses include first or second degree murder (A.R.S. §13-1105 and 13-1104, respectively).

TYPES OF HEARINGS CONDUCTED BY THE BOARD

GENERAL PAROLE (A.R.S. §31-412.A) A conditional release from incarceration which entitles the parolee to serve the remainder of the parolee's term outside the confines of a penal institution if the parolee satisfactorily complies with all the terms and conditions provided in the parole order.

PAROLE TO A CONSECUTIVE SENTENCE OR ANOTHER JURISDICTION (A.R.S. §31-412.B) A mechanism to parole an inmate to a consecutive sentence to be served in an institution or parole to another jurisdiction.

EARLY PAROLE (A.R.S. §41-1604.11.K) A conditional release from incarceration before the inmate has reached their general parole eligibility date. This type of release consideration is used when there is a lack of bed space within the Department of Correction's institutions. An inmate eligible for release under this statute may be considered for parole, home arrest or work furlough.

HOME ARREST (A.R.S. §41-1604.13) A program for those inmates who are eligible to complete their prison sentence in the community. The Home Arrest program is a restrictive program designed using active electronic monitoring surveillance and the supervision of a Home Arrest officer. A person in the Home Arrest Program is under inmate status and subject to all of the rules and regulations of the Department of Corrections. Except for authorized movements out of the residence, such as employment and mandated treatment programming, the inmate is confined to his residence.

WORK FURLOUGH (A.R.S. §41-1604.11) A release from prison, which allows the inmate to maintain gainful employment and pay restitution to the victim of the inmate's offense.

ABSOLUTE DISCHARGE (A.R.S. §31-411 & 31-414) The Board may discharge a person from imprisonment (411) or parole supervision (414) prior to the sentence expiration date or prior to the expiration of parole. Generally, Community Corrections, a Division of the Department of Corrections, recommends a 414 to the Board because of exceptional performance while under supervision.

PARDON (A.R.S. §31-441, 31-442, 31-443, 31-444, 31-445, 31-446) An act of grace, which absolves the convicted felon of the legal consequences of their crime and conviction. The Governor cannot grant a pardon unless the Board (A.R.S. §31-402) has first recommended it.

REPRIEVE (A.R.S. §31-443, 31-444, 31-445, 31-446) A delay or temporary suspension of the carrying out of punishment. The Governor may only grant a reprieve upon recommendation of the Board (A.R.S. §31-402).

COMMUTATION OF SENTENCE (A.R.S. §31-411, 31-443, 31-445, 31-446, 13-603.L) A change or modification of a sentence imposed by the court. The Board assumes that sentences imposed by the court are fair and correct; however, either by Judicial request or by inmate application, mitigating circumstances may exist which indicate that justice would be better served if a commutation were recommended to the Governor. The Governor may only grant a commutation of sentence upon recommendation of the Board (A.R.S. §31-402).

RESCISSION a withdrawal of an action previously granted by the Board before the inmate actually enters the action status.

REVOCATION (A.R.S. §31-415, 31-416, 31-417) A withdrawal of an action previously granted by the Board after the inmate has entered the action status.

MODIFICATION A hearing held to determine if conditions of release should be modified or changed. A modification hearing is usually held at the request of a parole officer.

BOARD MEMBERS
